

LONG LIVE THE KING PRIDE™ DYNASTY

MEDIUM OIL

The Pride line has come roaring back stronger and ready to take on even more oil than before. The Pride Dynasty from MOTIV® is a stronger, more controllable solid ball intended to serve as a benchmark in a modern bowling environment. With a massive cover upgrade and a unique asymmetric core, the Pride Dynasty is not just ready to take on any conditions; it's here to conquer them!

LEVERAGE™ MFS SOLID REACTIVE

Unleash the ferocity of new Leverage MFS Solid Reactive coverstock technology! Never before has the Leverage cover technology been used for a medium oil ball. This technology is much stronger in oil and more controlled than previous covers found in the Pride line. On medium oil conditions, Leverage MFS gives that same smooth, commanding breakpoint motion as other Leverage shells such as those found on the Black Venom and Jackal Ambush.

DOMINION™ WEIGHT BLOCK

At its heart lies the Dominion asymmetrical core. This beast features a moderate primary RG differential and low intermediate to dominate on lower oil volumes and higher friction surfaces.
15# RG: 2.50 | 15# Diff: .042 | 15# Int. Diff: .010 | Flare: 5"+

2000 GRIT LSS FINISH

A 2000 Grit LSS finish provides plenty of teeth when attacking the lanes. Paired with Leverage cover technology, this cover provides a strong and smooth ball motion.
