

The Hammer Effect is...

FOUR COLORS

It's one of a kind, the first ball to be poured in four colors.
Maroon / Blue / Black / Purple

NEW COVER CHEMISTRY

HK22 with the new Cohesion additive takes shiny ball performance to a whole new level.

A NEW SUPER CORE

The new Huntsman core is a combination of famous Hammer cores like Vibe and Black Widow, but stronger for more performance.

The Hammer Effect is...
Innovative. Aggressive. Responsive. Unequaled.
